Smart Bridge Pro
coming soon

Welcome to Caséta Wireless

Peace of mind.
Comfort.
Convenience.

Caséta Wireless provides all of these, at the touch of a button.

So whether you want your lights on, off, or somewhere in between, you can count on Caséta Wireless to deliver what you need.

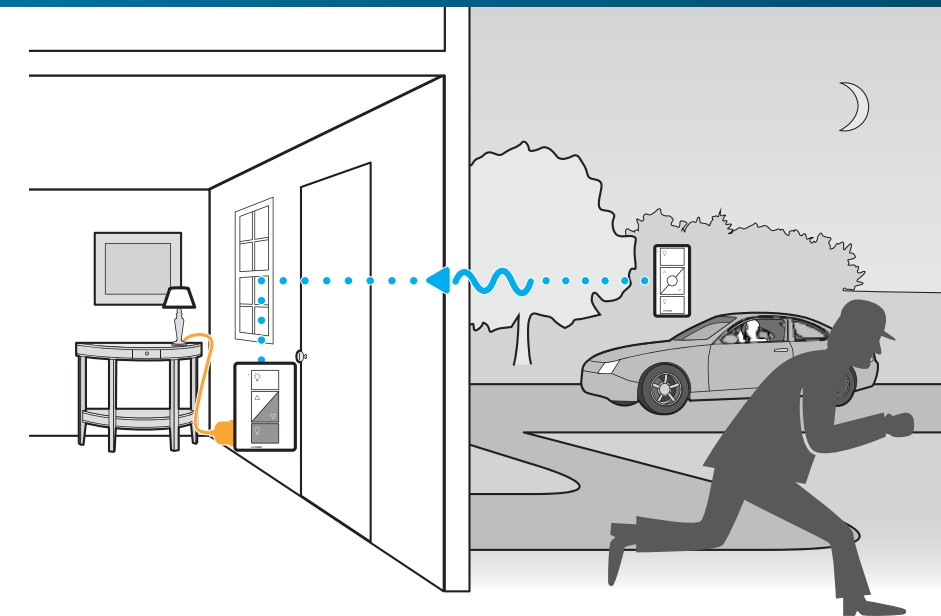

Caséta Wireless also uses Lutron's Clear Connect® wireless technology, for reliable operation.

Once you try Caséta Wireless, you'll wonder how you ever lived without it.

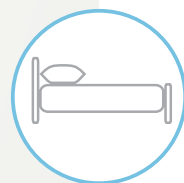

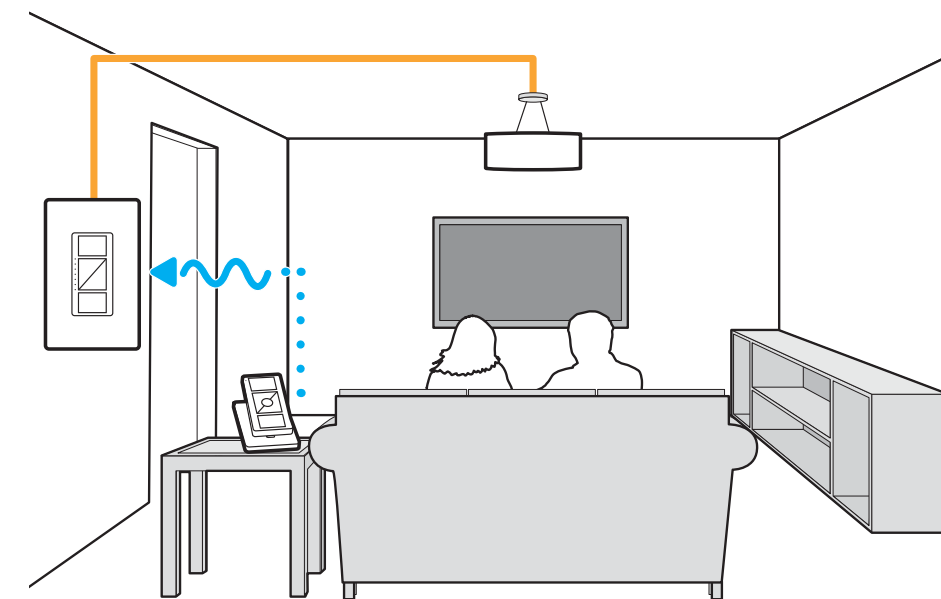

Turn lights on as you arrive home

Turn entryway and outdoor lights on from the security of your car.

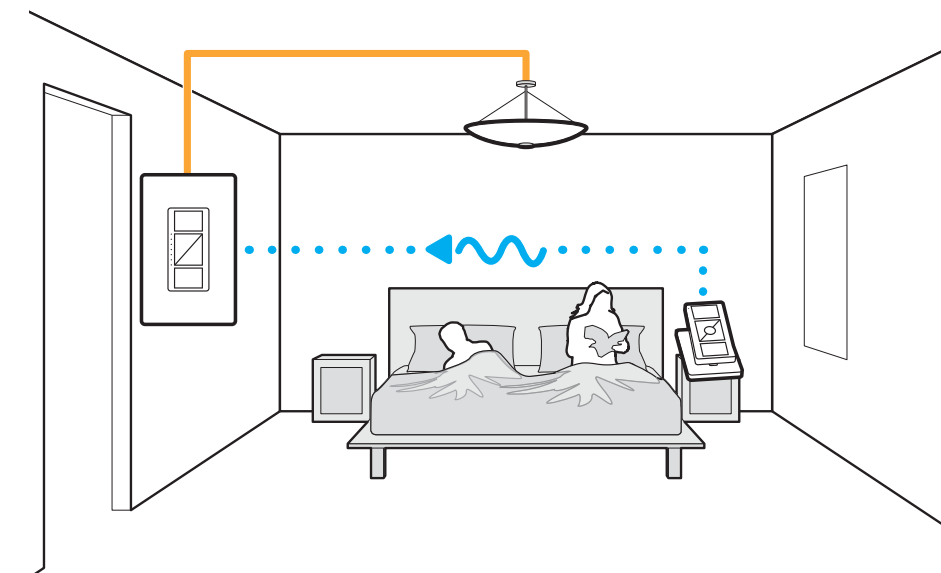

Dim lights for a movie

Add some magic by controlling lights from the couch. The movie begins when the lights start to dim.

Turn lights off from your bedside

No need to get out of bed. Simply turn the lights off from your bedside and drift into sleep.

Product information

Pico® remote control

- battery powered and can be mounted anywhere
- features a 10-year battery life
- works with Caséta™ Wireless dimmers

Pico accessories

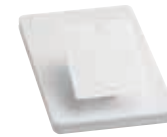

Get the most flexibility from the Pico remote control with these accessories:

Car visor clip

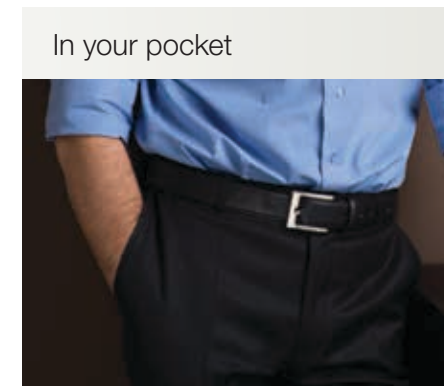

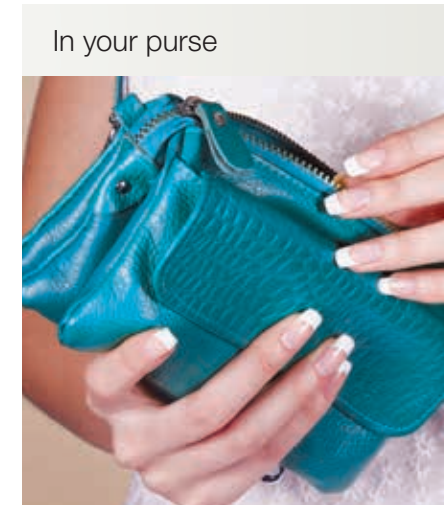

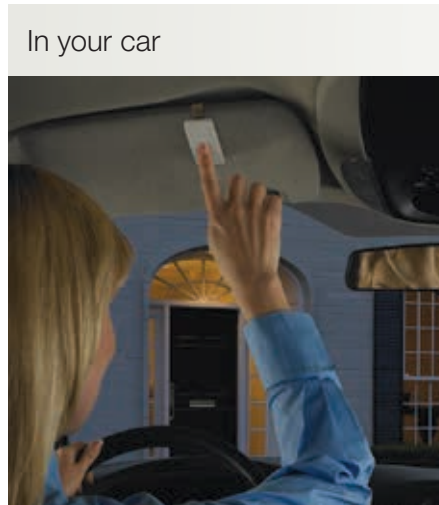

Wallplate bracket

Tabletop pedestal

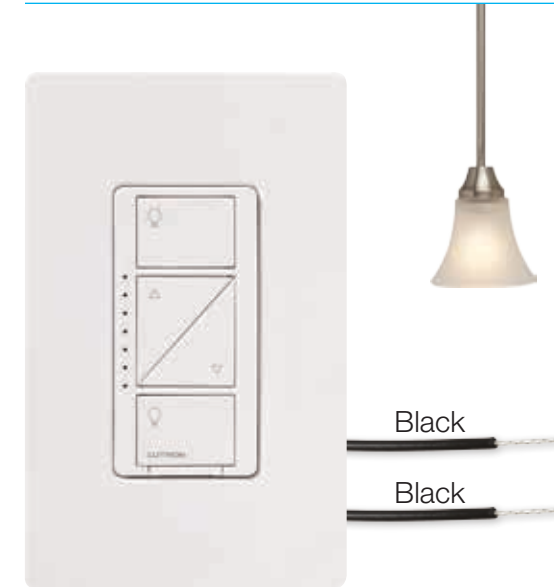

Ways to use your Pico remote control

The Pico remote control can be used as a hand-held remote, clipped to a car visor, mounted to a wall for an additional point of control (without cutting holes/running wire), or mounted on a tabletop pedestal.

Plug-in lamp dimmer

- controls table and floor lamps
- features two receptacles for simultaneous control of two lamps
- simply plugs into a standard wall receptacle
- works with dimmable LEDs and CFLs
- also works with halogen and incandescent bulbs

In-wall dimmer

- controls wall and ceiling lights
- install in as little as 15 minutes
- doesn't require a neutral wire
- no polarity for line or load wiring—mistake-proof wiring
- works with dimmable LEDs and CFLs
- also works with halogen and incandescent bulbs

Caséta™ Wireless works with energy-efficient, dimmable light bulbs

LED

CFL

Halogen

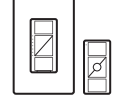

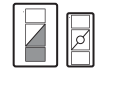

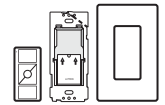

Incandescent

- **The Lutron LED Center of Excellence** is the industry resource for LED control: 1.877.DIM.LED8 or LED8@lutron.com.
- UL Listed to dim over 500 different LED and CFL light bulbs. The bulb list is available at www.casetawireless.com.
- Patent-pending technology ensures superior performance with dimmable LEDs and CFLs, as well as halogen and incandescent bulbs. You can even use different light bulb types with the same dimmer.

Coming Soon! Smart Bridge Pro

Your connected home begins here

Adjusting **lights and shades** from a smart phone has never been easier, more reliable, or affordable.

The Smart Bridge Pro works with:

Caséta™ Wireless dimmers

Triathlon® shades*

- **Control** lights and shades from anywhere—the office, the airport, the beach—so lights aren't left on or shades aren't left open while you're away
- **Schedule** lights and shades to automatically adjust—via the timeclock—at set times of day
- **Integrate** light and shade control with select security systems and A/V remote controls

Smart phone with Lutron app

Set up is easy!

1. Plug the bridge into your Wi-Fi router
2. Download the Lutron app
3. Follow the in-app set up instructions

Smart Bridge Pro

The Smart Bridge Pro uses Lutron Clear Connect® wireless technology for reliable operation.

* Smart Bridge Pro is compatible with Serena®, Triathlon, and select styles of Sivoia® QS Wireless shades
